

Green Initiative Program

We are looking to partner with our tenants to help make our environment greener!

In order to make a difference in our environment, we are asking tenants to sign up to be Green!

The photo above shows 2 different recycling options:

1) the blue bins (some tenants may already have)

2) cardboard bin (phase 1)

If you are interested in receiving the cardboard bins for your office at NO COST to get your staff on board with being Green, please email Wendy Trayler at wendy.trayler@am.jll.com.

Some of our tenants already have the blue bins pictured in their offices. If you are one that does, please let me know so I can add you to our list.

Our vendor will be happy to do a 20-minute presentation with your staff to go over our single stream recycling program to help us maximize this program and help make the environment cleaner.

If you have any questions, please contact Wendy Trayler at 972-674-8097 to discuss.
